Like it says in the title, this is the actual N64 and controllers seen in the "N64 Kids" video that has been spread over the internet the past month or two. The video has even found its way to VH1 on the show "Web Junk." I am the boy in the video, and was told that I should put this on ebay, and since i dont play it as much I decided to put in here. The n64 works perfectly, and comes with 2 controllers (clear purple, and grey) and the first game i ever purchased, Star Wars Shadows of the Empire.

If you dont believe its me, just ask and I'll give you a screen shot from the gift before the n64, or something else.

here is the video:
